velvet XP™

We've delivered the right combination of fit, feel, tactile sensitivity, strength, and value with sempermed® velvet™ XP. This glove is a popular choice for users in a variety of environments and suitable for a wide range of applications. The soft nitrile formulation allows the glove to conform to the hand like a second skin, combining optimal fit and comfort with unrestricted hand motion.

- Soft as velvet:** the soft formulation of the glove offers enhanced comfort and fit.
- Your daily choice:** suitable for a wide variety of medical applications where protection is critical.
- Tested for protection against 56 chemotherapy drugs, fentanyl, and gastric acid.**
- Protects users and patients from the transmission of infections.** Designed to provide a high level of protection and barrier against contaminants, bacteria, and viruses, reducing the risk of cross-contamination and infection in a clinical setting.
