

**blue nitrile
examination gloves
extended cuff**

Semper guard **force+™**

Semperguard® force+ exam nitrile gloves are designed for enhanced protection, offering both barrier and splash protection when handling hazardous materials or working with high-risk patients. With an extended cuff, they provide extra coverage for the wrists and forearms, which helps protect users from potential exposure to harmful substances. These gloves are safe for use with chemotherapy drugs and fentanyl contact, making them an ideal choice for first responders, and healthcare/pharma professionals handling hazardous substances.

■ **Extended cuff**

Extra long cuff means extra protection for high risk applications

■ **Textured fingertips**

Enhanced dexterity and gripping capabilities

■ **Tested against 56 chemotherapy drugs, fentanyl, and gastric acid**

Meets USP 800 requirements for PPE compliance to chemotherapy

■ **Protects users and patients from the transmission of infections**

Designed to provide a high level of protection and barrier against contaminants, bacteria, and viruses, reducing the risk of cross-contamination and infection in a clinical setting

■ **Made in Malaysia**

Manufactured in Malaysia using state-of-the-art technology to achieve quality that exceeds FDA standards

100 Gloves/Box | 10 Boxes/Case
